

Call for submissions

Lloydminster Public Library will soon be featuring young local artists by displaying their artwork as part of a new circulating collection.

Artwork will be selected by Lloydminster Public Library Board of Directors and staff. Pieces chosen will be professionally framed at no cost to the artist. Pieces will be hung in a designated area in the library and available for borrowing by the public for a period of one month. When the artist graduates from high school, their framed work will be returned to them.

Art will be available for borrowing starting in September 2023.

Who can apply?

Artists currently in grades 9 or 10

Submission deadline

June 21, 2023

Submission requirements

Submissions must be delivered to Lloydminster Public Library accompanied by a completed application form

Parameters

Only original artwork will be considered

Pieces must be no larger than 24" x 36"

Pieces containing explicit, violent, or illegal imagery will not be considered

Limit of three pieces per artist

Preference will be given to Lloydminster artists

Results

The results will be emailed out in early July. Entries not chosen must be picked up by July 31, 2023.

High school circulating art application form

If your piece is chosen, it will be professionally framed at no cost to you. Your art will be considered the property of Lloydminster Public Library until June 15 of the graduation year listed above.

While your artwork is on loan, your bio and a photo of your artwork will be displayed as a placeholder.

Lloydminster Public Library shall not be liable for loss or damage of art which is an inherent risk in a circulating collection.

Your artwork may be featured on the Lloydminster Public Library website and social media pages as well as the social media of borrowing patrons.

Lloydminster Public Library reserves the right change or cancel the program at any time without fault to the Library. Artists will receive email communication should a change occur.

By signing below, you agree that your submission details are accurate and that you understand the requirements and parameters of the program.
